**The New Mexico Academy of Science invites your nomination(s)
for the 2017 Outstanding New Mexico Science Teacher Awards**

Nomination Deadline: Friday, October 6, 2017

The New Mexico Academy of Science recognizes New Mexico grade 6-12 teachers who provide exemplary opportunities for students' STEM learning.

The Academy honors two outstanding teachers each year at the annual NMAS symposium/meeting with an engraved plaque, a monetary award provided by ACS, and classroom materials. Each winner and a guest are provided a hotel room and event registration/meal for the annual award ceremony. Nominations are open to all grade 6-12 teachers who teach or promote STEM subjects in New Mexico. Nominations can come from school administrators, parents of students, colleagues, or self.

A single award was established in 1968 to honor New Mexico STEM educators. Since 1990, awards have been given to two teachers annually. The American Chemical Society has partnered with NMAS and currently presents the monetary award to both NMAS winning teachers.

Outstanding Science Teacher Award Nomination Form

Nominee

Name/Title: _____

Teaching Position(s): _____

Years teaching experience (minimum 3): _____

Department: _____

Grade level(s): _____

Name of School: _____

School mailing address: _____

School telephone: _____

Home mailing address: _____

Home telephone: _____
