The New Mexico Academy of Science invites your nomination(s) for the **2019 Outstanding New Mexico Science Teacher Awards**

Nomination Deadline: Friday, October 4, 2019

The New Mexico Academy of Science recognizes New Mexico K-12 teachers and Informal Science Educators who provide exemplary opportunities for students' STEM learning.

The Academy honors two outstanding educators each year at the annual NMAS symposium/meeting with an engraved plaque, a monetary award provided by ACS, and classroom materials. Each winner and a guest are provided a hotel room and event registration/meal for the annual award ceremony. Nominations are open to all grade K-12 teachers and all Informal Science Educators who teach or promote STEM subject(s) in New Mexico. Nominations can come from school administrators, parents or families of students, colleagues, or self.

A single award was established in 1968 to honor New Mexico STEM educators. Since 1990, awards have been given to two teachers annually. In 2018, the Academy opened the awards to nomination of Informal Science Educators. The American Chemical Society has partnered with NMAS and currently presents the monetary award to both NMAS winning educators.

Outstanding Science Teacher Award Nomination Form

Nominee

Name/Title: _____

Teaching/Education Position(s): _____

Years of experience as a Teacher or Informal Science Educator (minimum required 3): _____

Department/School System: _____
